Gives outdoor learning a structure,
and stretches things a bit!

It gives me
a reason
to fly
wild
like a
bird

Helps to turn over a new leaf

It's a bridge into
nature and the outdoors.
It takes skills, learning
and a mindset into
everyday lives...

Adventure

It's important!
It re-engages kids
with the natural
world:
the outdoor classroom!

Getting into new things...

Helping people out of their shells

Better than
watching telly
